About IPAA

The Independent Petroleum Association of America (IPAA) is a national upstream trade association representing thousands of independent oil and natural gas producers and service companies across the United States for more than 85 years. Independent producers develop 90 percent of the nation's oil and natural gas wells. These companies account for 54 percent of America's oil production, 85 percent of its natural gas production, and support over 2.1 million American jobs. Headquartered in Washington, D.C., IPAA serves as an informed voice for the exploration and production segment of the industry and advocates its members' views before the United States Congress, the Administration, and federal agencies.
