Total revenue was \$396,000 for the year ended December 31, 2015, compared to \$3.14 million for the year ended December 31, 2014, a decrease of \$2.7 million, or 87%. The decrease in revenue was primarily due to the reduction in oil and gas revenue associated with 32,000 acres and 17 operated wells we conveyed to Hexagon pursuant to a final settlement agreement and the reduction in commodity prices during the year.

During the year ended December 31, 2015 and 2014, production amounts were 12,449 and 46,500 BOE, respectively, a decrease of 34,051 BOE, or 73%. In addition to the conveyance, production declined due to certain operated wells shut in for workovers and non-payments to vendors.

During the year ended December 31, 2015, the lower commodity prices and lack of capital to develop our undeveloped oil and gas properties caused us to recognize an impairment expense of \$24.48 million. We did not recognize any impairment expense during 2014.
