At least one member of the Committee must have past employment experience in finance or accounting, requisite professional certification in accounting or other comparable experience or background that leads to financial sophistication. The members of the Committee shall be appointed by the Board. The members of the Committee shall serve for such term or terms as the Board may determine or until earlier resignation or death. The Board may remove any member from the Committee at any time with or without cause. The Board shall designate a member of the Committee as the chairperson. The Committee shall meet at least four times each year at such times and places as it deems necessary to fulfill its responsibilities. The Committee is governed by the same rules regarding meetings (including meetings in person or by telephone or other similar communications equipment), action without meetings, notice, waiver of notice, and quorum and voting requirements as are applicable to the Board.

The Committee shall receive appropriate funding from the Company, as determined by the Committee in its capacity as a committee of the Board, for the payment of compensation to the Company's independent auditors, any other accounting firm engaged to perform services for the Company, any outside counsel and any other advisors to the Committee, and for ordinary expenses of the Committee necessary or appropriate for carrying out its duties.

## **Purpose**

The Committee shall provide assistance to directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, and investment community relating to: the integrity of the Company's financial statements; the Company's compliance with legal and regulatory requirements; the independent auditor's qualifications and independence; and, if applicable, the performance of the Company's internal audit function and that of the independent auditors. In so doing, it is the responsibility of the Committee to maintain free and open communication amongst the directors, the independent auditors, and the financial management of the Company. It is the expectation of the Committee that the financial management will fulfill its responsibilities of bringing any significant items to the attention of the Committee.
